## Copy of page:

Thank you for taking part in this survey. It should take about 5 minutes to complete.

We would like to collect some information about you and your conditions, or the conditions of the person you care for. Please also tell us about people you have cared for in the past.

If you care for more than one person please feel free to complete the survey more than once.

None of the information you provide in the survey will be identifiable personally.

We may share anonymous information with other organisations and groups.

## \*1. Do you have a long-term medical condition or disability, or are you directly involved in caring for someone who has?

0	Yes, I have a long-term medical condition or disability
0	Yes, I care for someone with a long-term medical condition or disability
0	Yes, I am a healthcare professional involved in caring for people with long-term medical conditions or disabilities
0	Other
0	No, I don't have long-term medical condition or disability, and I am not directly involved in caring for someone who has

*2. Please let us know if the person with the long-term medical condition or disability	
you care for is male or female:	
☐ Male	
☐ Female	
Rather not say	

<b>≭3. Are you male or female?</b>	
C Male	
C Female	
C Rather not say	

st4. How old are you? Or if you are completing this survey as a carer, how old is the person you care for?
O-5 years
☐ 6-17 years
☐ 18-34 years
☐ 35-64 years
65 years or older

\*5. People who have long-term medical conditions or disabilities often have difficulty with normal day-to-day activities that other people take for granted.

Which of the following do you or the person you care for have difficulty with, or have experienced difficulty with in the past? Please tick all that apply.

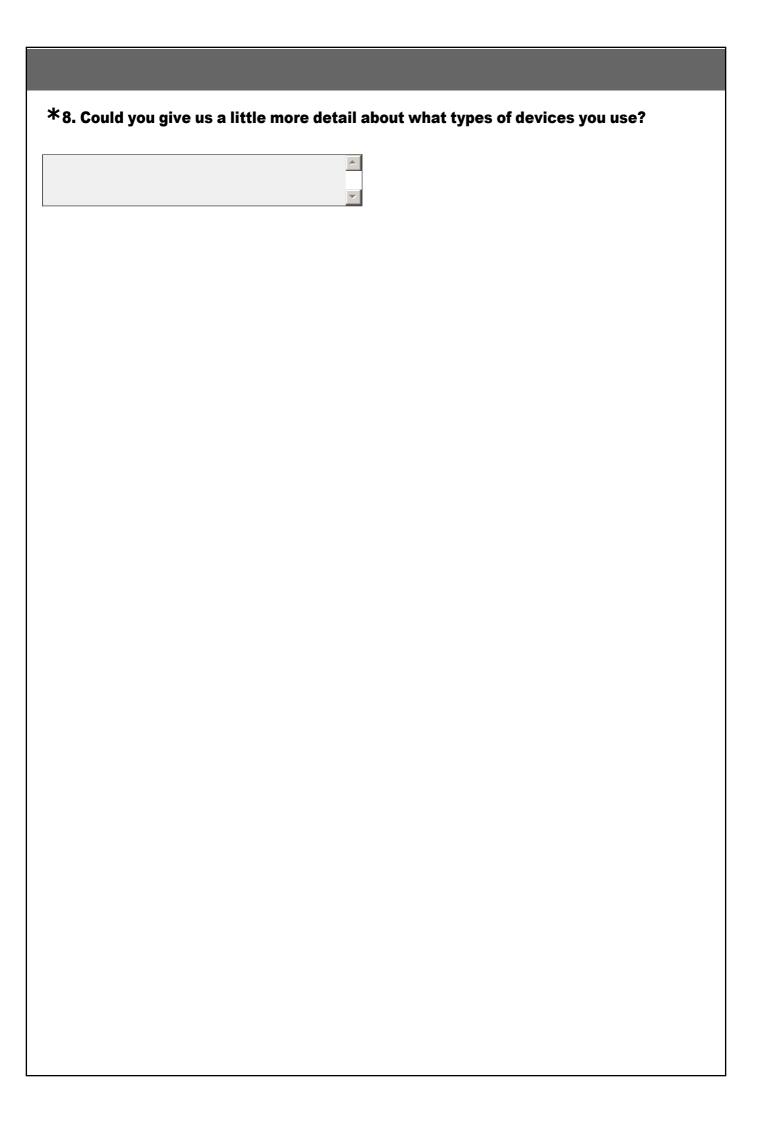

exp	erienced difficulty with in the past? Please tick all that apply.
	Preparing your own drinks, meals and snacks

	Othe	er, please let us know what else you struggle with

*7. We would now like you to think about devices you might use to help you manage your condition or symptoms such as catheters, prostheses, walking aids, dialysis machines, glucose monitors, rehabilitation aids or any other devices not included in this list.
Do you use any devices to help manage your condition or symptoms?
☐ Yes
□ No
Other (please specify)

*9. If you could change your device, what changes would you make? For example, you might prefer it to be more discrete, better to look at, lighter or less bulky, portable, easier to clean or change the batteries, or have bigger buttons. Perhaps you'd prefer a different material where it touches your skin? If applicable please tell us about several devices - Please be clear about which improvements are for which device.

*10. Which of the following long-term medical conditions do you have, or does the person you care for have?	
☐ Cancer	
☐ Kidney disease	
☐ Cardiovascular condition	
Lung condition/COPD	
☐ Diabetes	
☐ Parkinson's	
☐ Dementia	
☐ Stroke	
☐ Mental health issues	
Other	
None	
Other (Please specify your condition/disability	

11. NIHR Devices for Dignity have a limited number of places available at a patient-led event taking place later this year. If you would like to know more or wish to be considered for one of the patient or carer places available at this event please provide a telephone number or email address so that we can contact you and provide more information.  Further information about the event can be found here: http://www.devicesfordignity.org.uk/ppc/patient-led-event
12. We will never share your contact details with any other organisation, but if you would like us to email a summary of the results from this survey and other messages that you may be interested in from us, please provide your email address below:
